Bakersfield CA, 93301**

#### **REGULAR MEETING**

**THURSDAY – November 14<sup>th</sup>, 2024**

**4:00 P.M.**

#### Roll Call:

Supervisor Flores, Sheriff Youngblood, Deputy Chief Linville, Leslie Wilmer, Orchel Krier, Scott Hurlbert, Dr. Franklin, Tyler Whitezell, John Surface, Dr. Lyon

#### SALUTE TO FLAG

#### Consent Agenda (CA):

All items listed with a “CA” are considered by program staff to be routine and non-controversial. The “CA” represents the consent agenda for the Board members of EMCAB. Consent items will be considered first and may be approved in one motion. If a member of the audience wishes to comment or ask questions regarding an item or items on the consent agenda, they may do so prior to a vote being taken on the consent agenda. A member of EMCAB may remove any item from the consent agenda and it will be considered in listed sequence with an opportunity for any member of the public to address EMCAB concerning the item before action is taken.

#### PUBLIC PRESENTATIONS

1) This portion of the meeting is reserved for persons to address the Board on any matter not on this Agenda but under the jurisdiction of the Board. Board members may respond briefly to statements made or questions posed. They may ask a question for clarification, make a referral to staff for factual information or request staff to report back to the Board at a later meeting. Also, the Board may take action to direct the staff to place a matter of business on a future agenda. **SPEAKERS ARE LIMITED TO TWO MINUTES. PLEASE STATE AND SPELL YOUR NAME BEFORE MAKING YOUR PRESENTATION.**

## 6. Legislative Reports

# EMSAAC Tracked EMS Bills

September 28, 2024

2024 California Legislative Session EMS Bills		
Bill	Description	Status
AB 1168	Requires a city to be treated as if it had retained its authorities for the administration of prehospital EMS if specified requirements are met. If a JPA regarding prehospital EMS was initially executed on or after January 1, 2025, the bill would ensure a city or fire district retains its authorities regarding, and the administration of, prehospital EMS. The bill would set various conditions for a JPA, including, among other things, requiring uniform operational procedures for prehospital EMS throughout the EMS area or subarea covered by the agreement.	Vetoed by the Governor
AB 1778	Establishes the Marin Electric Bicycle Safety Pilot Program that would, until January 1, 2029, authorize a local authority within the County of Marin, or the County of Marin in unincorporated areas, to adopt an ordinance or resolution that would prohibit a person under 16 years of age from operating a class 2 electric bicycle or require a person operating a class 2 electric bicycle to wear a bicycle helmet.	Signed by the Governor
AB 1792	Requires the EMSA to develop standards, on or before January 1, 2027, for personal protective equipment for ambulance personnel and to update the standards on or before January 1, 2032, and every 5 years thereafter	Vetoed by the Governor
AB 1843	Requires an EAP to provide up to 20 mental health treatments per issue per calendar year & includes post-traumatic stress disorder in the definition of "issue" for purposes of those provisions. Requires an EAP to make a good faith effort to ensure that a treatment provider under an EAP is trained and experienced in providing mental health services to first responders or EMS personnel. Also requires an EAP to schedule an appointment with a mental health treatment provider within 48 hours, upon request of an emergency ambulance employee.	Signed by the Governor
AB 1976	Requires CAL OSHA, before December 1, 2027, to submit a draft rulemaking proposal to revise specified regulations on first aid materials and EMS to require first aid materials in a workplace to include naloxone hydrochloride or another opioid antagonist approved by the FDA.	Signed by the Governor
AB 2225	Existing law exempts from discovery as evidence the proceedings and records of specified organized committees of health care professionals and review committees having the responsibility of evaluation and improvement of the quality of care. This bill extends this exemption to the proceedings and records of prehospital emergency medical care person or personnel organized committees and review committees.	Signed by the Governor

Bill	Description	Status
<b>AB 2469</b>	Existing law ratifies, approves, and sets forth the provisions of the Emergency Management Assistance Compact, an interstate agreement that provides for mutual assistance between states responding to emergencies and disasters. Under existing law, the compact becomes inoperative on March 1, 2028, and is repealed as of January 1, 2029. This bill changes the inoperative and repealed dates to make the compact inoperative on March 1, 2038, and repealed as of January 1, 2039.	<b>Signed by the Governor</b>
<b>AB 2859</b>	Authorizes an EMS provider to establish a peer support and crisis referral program to provide a network of peer representatives available to aid fellow employees on emotional or professional issues. Provides that EMS personnel, whether or not a party to an action, have a right to refuse to disclose, and to prevent another from disclosing, a confidential communication between the EMS personnel and a peer support team member, crisis hotline, or crisis referral service, except under limited circumstances, including, among others, if disclosure is reasonably believed to be necessary to prevent death, substantial bodily harm, or commission of a crime, or in a civil or criminal proceeding. Also provides that, except for an action for medical malpractice, a peer support team member and the EMS provider that employs them are not liable for damages relating to an act, error, or omission in performing peer support services, unless the act, error, or omission constitutes gross negligence or intentional misconduct. To be eligible for these confidentiality protections, a peer support team member is required to complete a training course or courses on peer support approved by the EMS provider.	<b>Signed by the Governor</b>
<b>SB 997</b>	Authorizes school districts, county offices of education, and charter schools to develop and adopt a policy that allows pupils in middle schools, junior high schools, high schools, and adult schools to carry a federally approved opioid antagonist for the emergency treatment of persons suffering from a known or suspected opioid overdose	<b>Signed by the Governor</b>
<b>SB 1180</b>	Requires a health care service plan contract or health insurance policy issued, amended, or renewed on or after July 1, 2025, to establish a process to reimburse for services provided by a community paramedicine program, a triage to alternate destination program, and a mobile integrated health program.	<b>Signed by the Governor</b>

## OFFICE OF THE GOVERNOR

SEP 28 2024

To the Members of the California State Assembly:

I am returning Assembly Bill 1168 without my signature.

This bill would allow the City of Oxnard to function as if it had retained its administrative authority to operate prehospital emergency medical ambulance services and authorize Oxnard to exclusively operate ambulance services throughout the city. This would bypass a 2021 court ruling that found that the City of Oxnard did not have the right to administer ambulance services.

Current law establishes a statewide emergency medical services (EMS) response system to provide integrated services statewide with regional coordination. This bill risks inconsistency in EMS delivery and could compromise the uniformity of EMS operations by authorizing a single city to bypass existing regional agreements. I agree with the author and sponsors that ensuring equitable, efficient, and quality access to emergency care is a state priority. However, this bill would create a unique operational model in Ventura County that is different from the law applicable in the other 57 counties. Though this bill is narrow, I am concerned that it will set a precedent for other cities to pursue similar legislation in the future, further fragmenting the EMS system.

For these reasons, I cannot sign this bill.

Sincerely,

A handwritten signature in black ink, appearing to read "Gavin Newsom". The signature is stylized with several sharp peaks and a long horizontal tail extending to the right. It is positioned below the word "Sincerely," and partially overlaps the printed name "Gavin Newsom" below it.

Gavin Newsom

## OFFICE OF THE GOVERNOR

SEP 20 2024

To the Members of the California State Assembly:

I am returning Assembly Bill 1792 without my signature.

This bill would require the Emergency Medical Services Authority (EMSA) to develop personal protective equipment (PPE) standards specifically for ambulance personnel by January 1, 2027.

I support efforts to protect and maximize the safety of our state's life-saving emergency responders. However, current law already requires employers to evaluate workplace hazards and provide all necessary PPE and training to employees. Requiring EMSA to set new, separate standards for PPE used by ambulance personnel could create a conflict between these new standards and existing regulations promulgated and enforced by The Division of Occupational Safety and Health (Cal/OSHA).

For this reason, I cannot sign this bill.

Sincerely,

Gavin Newsom

## 7. Quarterly APOT Report

## EMS Division Staff Report for EMCAB Ambulance Patient Offload Times (APOT)

### Background

APOT is defined as the time interval between the arrival of an ambulance patient at an emergency department (ED) and the time the patient is transferred to the ED gurney, bed, chair or other acceptable location and the emergency department assumes the responsibility for care of the patient.

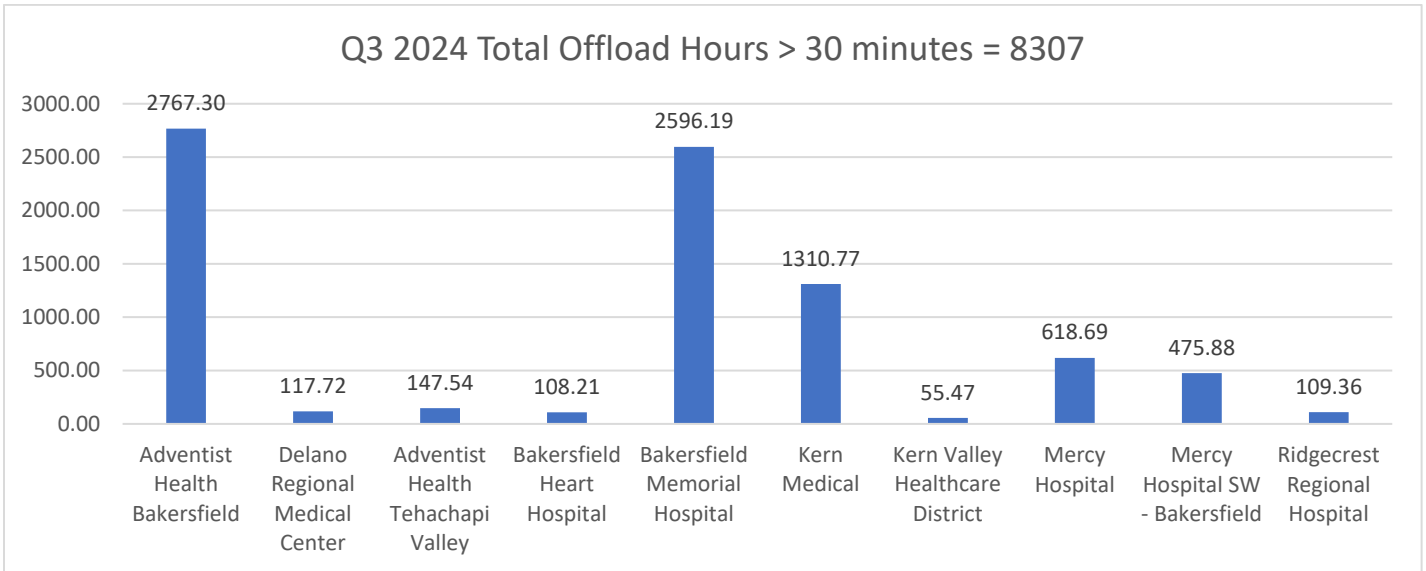

Assembly Bill 40, passed and signed into law by the governor in 2023, provides direction to the state EMS authority (EMSA), local EMS agency (LEMSA) and general acute care hospitals with emergency rooms, for the collection of data and the development of standards designed to lower Ambulance Patient Offload times. IN accordance with the legislation, EMSA will monitor monthly ambulance patient offload time data for each hospital and, if a hospital has APOTs that exceeds the LEMSA standard, EMS will direct hospital to implement the APOT time reduction protocol and host a bi-weekly call with hospital administration, emergency room leadership, EMS providers and the LEMSA to discuss implementation of protocol and outcomes.

Kern County Public Health has set our threshold at the maximum allowable of 30 minutes, 90% of the time for acceptable Ambulance Patient Offload Times, in accordance with this new law. The information contained in this report provides a review of Kern County hospitals offload times and the percentage of offload times greater than 30 minutes for this last quarter.

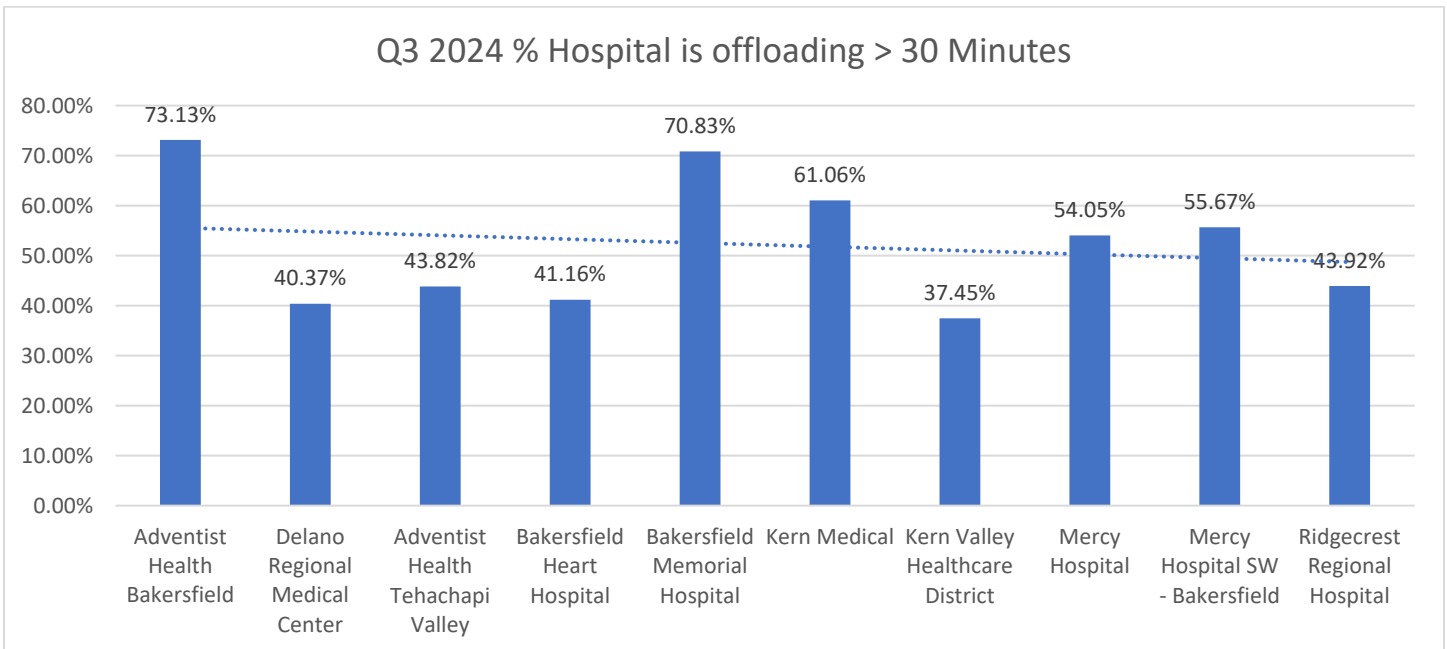

Ambulance Patient Offload Times are extremely important and can have a direct effect on the sustainability of our 911 response system.

Therefore, IT IS RECOMMENDED, the Board receive and file this APOT report.

*Grounded in Health*

For hospitals to meet the AB 40 mandates, the graph below would need to be reporting at the 10% line or below.

2) Board Member Announcements or Reports:

On their own initiative, Board members may make an announcement or report on their own activities. They may ask a question for clarification, make a referral to staff, or take action to have staff place a matter of business on a future agenda. (Government Code Section 54954.2[a][2])

*Comment – John Surface would like to announce that May 19<sup>th</sup> is the start of EMS week.*

### EMERGENCY MEDICAL SERVICES PROGRAM REQUESTS

3) Managers' report – RECEIVE AND FILE

Thank Mr. Chairman. 2023 Began with the county still in the fog of COVID-19 with call volumes remaining high, and offload times increasing.

Personnel shortages still had an effect on all aspects of the EMS system causing Hall to continue to subcontract with other local ambulance providers as well as bolster their ranks with out-of-state medics and EMTs.

2023 saw the emergency declarations of both the state and local governments lifted and the return to normal operations.

Ems continued to work with our providers to increase the use of tele911 and the fly car system in the greater Bakersfield area.

We began the implementation of the Redirect system that would eventually automatically redirect ambulances from hospitals that were showing specific signs of increasingly delayed patient offloads times.

In 2023, the Operations Staff made significant changes to the EMS system by updating the EMS personnel accreditation policies, along with multiple other policies, procedures and protocols. Promoting more jobs in EMS, expanding scope of practice and capabilities in the field, and instructing citizens of Kern County on basic resuscitation. Our team not only made its presence known throughout EMS, but also within our metro, urban and rural communities.

*Grounded in Health*

Throughout the year the Operations team trained a total of 755 citizens on the use of Hands-Only CPR and an additional 600 individuals were trained in the use of Stop the Bleed and how to control a life-threatening injury as a layperson.

We also implemented 116 Emergency Medical Dispatch code changes by downgrading 89 responses to no lights and sirens and upgrading 27 responses to lights and sirens as identified in careful review of 2 years' worth of data.

EMS staff audited 654 patient care reports with 75% receiving an A grade, 21% receiving a B grade and 4% receiving a C Grade.

1,307 EMT's, 158 Paramedics, 48 Mobile Intensive Care Nurses, 11 Emergency Medical Dispatchers and 5 Paramedic preceptors were accredited by our certification staff.

In 2023, we saw all of our work and changes to the system come to fruition as ambulance response times improved 86% from January to December.

In April, EMS participated with Bakersfield College in their Public Safety Open House. Working alongside multiple agencies to organize a public safety open house and on August 30<sup>th</sup>, EMS held a job fair in response to the grand jury report.

The Emergency Preparedness program released \$114,650 in grant funds to members of the Kern Coalition.

Both EMS Operations and Emergency Preparedness along with Public Health assisted the county Emergency Operations Center during the flood threats to two large medical facilities along the river. Working closely with both facilities we ensured they were ready in the event the water crested the riverbank.

Emergency Preparedness Secured funding to purchase some large items for county preparedness. Including 2 100kw generators and a mobile command unit that will be deployable to incident locations and large events. We expect to take delivery, literally any day.

And finally, we added two new staff to our EMS family in 2023. Robert Lopez handles Paramedic and Emergency Medical Dispatch accreditations, enforcement cases, as well as Pulse Point verification and STEMI designations.

Tori Yip was hired to handle the management of the EMS and Public Health Warehouse. Tori handles the day-to-day management of the warehouse using the Wasp software system assuring the accountability and readiness of all the equipment and supplies.

In 2024 we anticipate further protocol and procedure updates, continuing public outreach and education, receiving and implementing the use of the command unit, and creating a county and regionwide communication plan.

This concludes my report. It is strongly recommended that my report be received and filed, and I am available to answer any questions at this time.

*No board or public comment.*

*Motion to Approve – Leslie Wilmer*

*Second – Tyler Whitzell*

*Motion Passes.*

#### 4) APOT Task Force Report – RECEIVE AND FILE

Thank you, Mr. Chairman. The quarterly APOT Task Force meeting was held on April 25<sup>th</sup>, with representatives from Public Health/EMS, Kern County Fire, Hall and Liberty ambulance services, and Adventist Health and Dignity hospitals.

EMS gave our report which included the total number of APOT hours. In the first quarter of 2024, APOT hours totaled 9607.3 with all hospitals in our system operating well above the 10% >30-minute expectation as outlined in AB40.

It appears that staffing, transport volumes, the misuse of the 911 and internal hospital systems are continuing to play a role in the ongoing delays.

If you recall, I shared with you that EMS, working with FirstWatch and ReddiNet, created a bi-directional communication system, at the request of the hospitals, that provided the hospitals with the opportunity to have some input into the APOT times by allowing them to log the Transfer of Care time by simply pushing a button on their computer screen.

I presented a report from March showing hospitals participation in the FirstWatch/Reddinet bi-directional link for the Transfer of Care button usage. For the month of March Adventist Health Tehachapi had the highest percentage of use with 56.91% or 173 button pushes out of 304 patients transported to their facility. Adventist Health Bakersfield had a TOC % of 35.96%, Adventist Health Delano had a TOC % of 2.53%, Bakersfield Heart Hospital had a TOC% of 46.43%, Bakersfield Memorial had a TOC % of 48.02%, Kern Medical had a TOC% of 51.59%, Kern Valley Health Care District had a TOC% of 0%, Mercy Hospital was at 5.90%, Mercy S.W. was at 9.90%, and Ridgecrest was at 0.83% usage. I explained that at the current rate of use, I cannot use this data set in calculating APOT.

It should be noted that EMS is now moving to an automatic clock stop system through our electronic patient care provider, ImageTrend, that will stop the APOT clock when the electronic device is signed by the nurse receiving the patient. If you recall this is one of the mandates for the state EMS Authority in AB40. Once fully implemented, EMS will be able to run a report to determine the exact APOT time based on the time the ambulance arrived at the hospital and the time the nurse signs, receiving the patient.

During the round table Heather VanHousen from Adventist Health Bakersfield discussed the change to the main entrance to the emergency room and said that she

*Grounded in Health*

expects to see their APOT numbers decrease next quarter. Additionally, other facility representatives stated they would bring the TOC button push issues to their ER staff members.

That concludes my report, it is recommended that this report be received and filed, and I am available to answer any questions.
